

# VIRTUAL

## Pavement Preservation Class

March 2 & 3, 2021

9:00 AM to Noon EST Both Days

### OVERVIEW

This training is designed to provide participants with a better understanding of the value added by incorporating pavement preservation strategies into maintaining a roadway network.

### OVERVIEW

Upon completion of this class, attendees should be able to:

- Identify the components of a pavement preservation program
- Understand pavement condition versus project selection
- Identify flexible preservation treatments
- Select the appropriate pavement preservation treatment to extend the service life of the pavement and slow pavement distress development

### AUDIENCE

This class should be of interest to engineers, technicians, decision makers, and others involved with managing and maintaining pavements and selecting pavement treatments.

### REGISTRATION INFORMATION

This virtual class will be conducted through Zoom. There is no charge to attend, but pre-registration via the Zoom link is required prior to February 26. Register online at

<https://wvu.zoom.us/meeting/register/tJlucOmtrTOrEtI0Lj9Imf6nXJr-6WVNwJAte>.

Please email Kim at [Kim.Carr@mail.wvu.edu](mailto:Kim.Carr@mail.wvu.edu) if you need assistance.

This class can be counted in place of the RS II Preventative Maintenance and Rehabilitation class.
